

SR MACHINE TOOLS

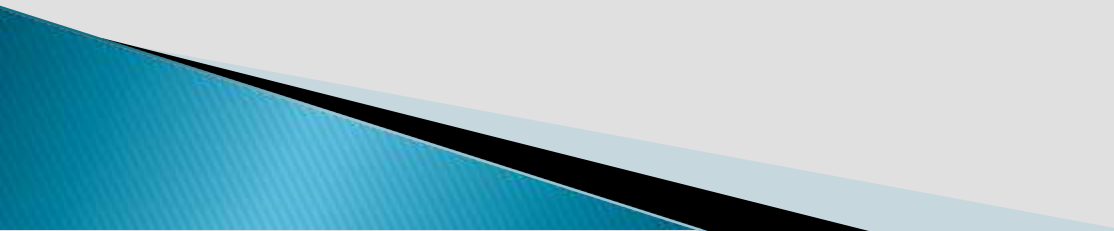

ONE END SOLUTION

COMPANY CULTURE

- ❖ SR MACHINE TOOLS is an Machine parts manufacturing and special type machine manufacturing Company engaged in providing solutions to a wide range of application in Automotive Engineering.
 - ❖ Design, Manufacturing, Reverse Engineering, Fabrication And quality are our strengths.
- 

OUR TEAM

- ❖ We are a team of qualified professional in Mechanical and Design Engineering to understand the customer's requirement clearly to deliver the following.
 1. Quality Products and services
 2. For what it is required (Application)
 3. When it is required (Target).

 - ❖ Our driving philosophy in SR MACHINE TOOLS is “Customer First” and we take immense care in understanding and delivering according to customer needs keeping highest quality standards in mind.
- 

PRODUCTS & SERVICES

- Designing
 - Automotive Part manufacturing
 - Mould and Press tool manufacturing & maintenance
 - Jigs & Fixture manufacturing
 - Stainless steel & MS fabrication
 - SPM's design and manufacturing
 - Turning and Milling works
- 

MANUFACTURING

MACHINES

1.LATHE (GEAR HEAD)

PSG A124

BED SIZE- 1.5MTR

MAX DIA -300MM

SPINDLE BORE-50MM

2.DRO MILLING

DRO MILLING

TABLE SIZE- 1000X300

3.CONVENTIONAL MILLING MACHINE

VMC-BFW

TABLE SIZE- 800X350

4.SURFACE GRINDING MACHINE

PRAGA.

TABLE SIZE- 150X450

5.CNC MILLING MACHINE

VMC-RX10.

TABLE SIZE- 800X500

RPM-6000

MAX LOAD -400KG

6.WELDING AND CUTTING MACHINE
